Artsyl Technologies releases Acumatica Enterprise Resource Management System connector for docAlpha IDR data capture solution.

Tight integration of Artsyl's docAlpha Advanced Capture Platform Further Expands Capabilities of Acumatica, the Fastest-growing Business Management Solution

ONTARIO, CANADA (February 11, 2016) — **Artsyl Technologies, Inc.**[™], a leading global provider of data capture and document processing automation technologies today announced the official release of its Acumatica Enterprise Resource Management (ERP) integration. The tight integration of Artsyl's [docAlpha Advanced Capture Platform](#) with Acumatica provides a powerful solution to cover all document capture needs and provides an even higher level of automation for all document- or data-dependent processes, including supplier invoice, customer sales order and remittance processing.

Artsyl's docAlpha enables Acumatica customers to reduce manual data entry costs, increase data accuracy, improve document processing speed and allows for an end-to-end audit trail of their document-based processes, ensuring compliance and security. With support for extraction and processing of line item data as well as two- or three-way matching of orders, invoices and receipts, docAlpha can fully automate sales and purchase order processing.

"We are truly excited to add the Acumatica connector to our portfolio of ECM and ERP integrations and look forward to working with the Acumatica community of resellers and users to show them how docAlpha dramatically accelerates business processes and boosts efficiency," says Jeff Moore CSO/Partner at Artsyl technologies, Inc.

"Any document-based process from Accounts Payable Invoice Processing to Sales Order Entry can be automated with docAlpha. Adding Advanced Capture to any Acumatica implementation adds tremendous value and provides a huge ROI."

docAlpha provides fully automated document classification, data extraction, rules based validation of data, automated splitting and routing of documents to users or queues with email notifications and unmatched export integration capabilities.

Key features of Artsyl's Acumatica Document Management System integration include:

- Instant data transfer from Artsyl to Acumatica
- Full document and meta-data transfer between systems
- Fast and easy deployment with Acumatica
- Provides central control over standards, security and auditing;

About Artsyl Technologies, Inc.

Artsyl Technologies, Inc. is the innovative company behind the docAlpha Intelligent Document Recognition (IDR) platform. For over 10 years Artsyl has been designing, building and innovating technology used by companies globally to reduce their document processing burdens. Whether you have Accounts Payable Invoices or Medical documents like Claims, EOBs or Patient Records docAlpha is designed to make their processing easy. docAlpha can be used in any business process to automate the classification, data extraction, validation and routing of mission critical information to its proper line-of-business application. docAlpha is a state-of-the-art IDR platform designed using Microsoft .NET and a Services Oriented Architecture (SOA) which allows it to scale up for Enterprise level On-Premise deployment or be used as a CLOUD based SaaS solution. docAlpha is sold through distributors and VARs globally.
